

WARNING:

**DON'T TURN THIS PAGE IF YOU ARE
EXPECTING JUST ANOTHER VIDEO GAME.**

It's you against a swarm of
supersonic enemy fighters...
deadly heat-seeking missiles...
laser-directed anti-aircraft
fire...and body-jarring, brain-
numbing G-forces.

**AFT
BUR**

The deluxe AFTER BURNER features four-way cockpit rotation.

But no matter who wins, you win. Sight and sound take AFTER BURNER players two-thirds of the way into the adrenalin-pumping world of the supersonic jet pilot... motion completes the journey. SEGA has combined astonishing 3-D graphics and rich stereophonic sound in an

Players "feel" the launch of a missile or the impact of enemy fire through the control stick on the upright model.

enclosed cockpit that features the pitch and yaw of a real jet fighter. Push the stick forward and your fighter pitches forward... bank right and you feel the G-forces build as your aircraft rolls right. A hand throttle; seat-belt; warning beacons; and a control stick with missile-launch and rapid-fire cannon triggers, complete the layout. Players move through 23 progressive stages ranging from dogfights to raids on enemy

ground installations. On-screen graphics include target "lock-on" and rear-scanning radar.

AFTER BURNER is as close as you can get—without enlisting—to the realism of a supersonic dogfight. That means one thing—repeated

All the play features of AFTER BURNER are included in the compact upright model.

play. So, no matter who wins the game... you win the profits.
