PLAYING AN EXHIBITION GAME

To begin playing a *Madden NFL 95* game immediately, familiarize yourself with the Command Summary and select EXHIBITION from the Game Setup screen. The Team Select screen appears.

The home team's helmet appears on the left side of the Team Select screen—visitor's on the right. In Exhibition mode,

you always control the home team.

To select teams:

1. From the Team Select screen, D-Pad **up/down** to cycle through teams.
2. D-Pad **left/right** to toggle between Home and Visitor.

2. Press **START** to exit. The Pre-Game Show appears.

ON THE FIELD

During the time you spent at EA SPORTS Central for the Pre-Game Show, the players had a chance to suit up and begin stretching out on the field. Now that the game is customized and the players are warmed up, it's time to start playing football!

COIN TOSS

The captains from each team meet on the NFL logo in the center of the field, and the head referee flips the official coin

into the air. The visiting team's captain must call heads or tails before the coin hits the ground.

- D-Pad **left/right** to toggle between heads and tails.

The winner of the coin toss chooses whether to kick or receive the opening kick-off.

- Press **1** to kick, or **2** to receive.

The kicking team chooses whether they wish to defend the home or visitor goal during the first quarter.

- Press **1** to defend the home goal, or **2** for the visitor goal.

NOTE: To assist you in your choice of goal, the wind sock displays which direction the wind is blowing.

KICKING OFF

The opening kick-off and first drive set the emotional tone for the entire game. Pump up your intensity level, and set your kicker in motion!

To kick the ball:

1. With your team lined up in kicking formation, press **2** to set your kicker in motion and start the strength meter moving upward.
2. D-Pad **left/right** to aim your kick.
3. Press **2** again to stop the meter and strike the ball. The higher the meter is at the time it stops, the further the ball travels in the air.

As soon as the ball is in the air, rush your kicking team downfield as fast as possible and “stick” the kick returner.

To make a special-teams tackle:

1. D-Pad in any direction to chase down the kick returner.
2. Press **2** to control your player closest to the ball.
3. Press **1** to dive at the kick returner.

ONSIDE KICK

To flip a play:

1. From the play choices, D-Pad **left** to highlight FLIP.
2. Press **1** or **2**; the play is flipped.

To execute the no huddle offense:

1. From the huddle, D-Pad **left** to highlight NO HUDDLE.
2. Press **1** or **2**; the No Huddle offense is set.

To reset the formation:

1. From the play choices, D-Pad **left** to highlight RESET.
2. Press **1** or **2**; the formation choices reappear.

NOTE: After you have called a play, the only way to change your decision is to burn a time-out or call an audible from the line of scrimmage.
