

*In each of us, there lies a deep-seated fascination with the destructive forces of nature. Most of us know it's not wise to fool with powers of this magnitude. A few of us haven't learned our lesson...yet.*

*Sega Pinball, Inc. proudly introduces a game that will give players a new respect for the awesome power of nature.*

# TWISTER

*The Dark Side of Nature*

*Pinball so powerful that, like a tornado, it can't be ignored.*

From the creators of *Jurassic Park*, the director of *Speed*, and the Academy Award-winning special effects team of Industrial Light and Magic, comes the most anticipated action-adventure film of the summer. **TWISTER!**

*Sega Pinball* has captured all the excitement of this blockbuster film and packed it into **TWISTER** the Pinball. A game with great geometry and rules that appeals to players of all skill levels.

## FEATURES:

**Top lane magnet!**  
Lightning fast turbo-pop action!

**Back lit electronic targets!**  
You hit them with the pinball soft or hard, they're gonna score!

**A spinning ball-catching magnet!**  
At the start of 3, 4 or 5 ball multi-ball it grabs your pinballs and throws them out with the fury of a real tornado!

**Standard and automatic ball shooter!**  
Start each ball with a skill shot to the spinning magnet!

**Memory drop target!**  
Enter the data collection container before the twister strikes and blocks the way!

**Backbox mounted tornado fan!**  
You'll feel the wind of the fast approaching storm!
