

FUTURE SPY

An operation to destroy the enemy's fleet is now underway. Destroy the flagship carrier!!

The enemy's air raid comes in waves, missile attacks are underway from their fleet and on the ground, fierce anti-aircraft fire from tanks and gun batteries can be seen.

The player has only a solitary aircraft to challenge this overwhelming superior force that the enemy has mounted against him.

This is an exciting game in which dynamic lifelike battle scenes develop one after another.
