SUPER HANG-ON

YOUR PASSPORT TO THE WORLD OF RACING ADVENTURE!

This motorcycle racing game offers the maximum in realism by utilizing the latest in simulation technology. To match your playing ability, you can select any one of the four courses ranging from beginner to expert. All of the surrounding scenery is faithfully depicted on the video screen to create an authentic atmosphere. In addition, such innovative features as the SUPERCHARGER and VIBRATION mechanism make the SUPER HANG-ON a truly unique "body-sensing" game.

GAME FEATURES

● SUPERCHARGER

SEGA's new SUPERCHARGER allows you to accelerate when a sudden bumpy or unpaved stretch of road occurs.

● VIBRATION MECHANISM

Working in perfect harmony with the game, this mechanism simulates the road surface vibration, thus allowing you to feel the thrill of riding a "real" bike.

● FM STEREO SOUND

To make it sound just like you're there, SUPER HANG-ON is equipped with FM stereo music that has been specially composed to match each course's scenic environment.

● COURSE REALISM

Authentic curves, road conditions, and scenery contribute to making SUPER HANG-ON a truly unique motorcycle racing simulator game.

★ "SUPER HANG-ON" COURSES ★

● AFRICAN COURSE (BEGINNER CLASS)

On the African Circuit, you race over grasslands and mountainous areas, then on to the pyramid filled desert.

● ASIAN COURSE (JUNIOR CLASS)

The Asian Circuit takes you through extreme changes of scenery, from the countryside to streets filled with high-rise buildings, and on to mountains, sandy plains and seaside roads.

● AMERICAN COURSE (SENIOR CLASS)

The American Circuit winds through the busy streets of a large city, out to the open prairies, mountainous terrain, barren wastelands, and along roads that command a breathtaking view of the ocean.

HANG-ON

THE EXCITEMENT MOUNTS
AS YOU ADD THE MILES!

FEATURES

ACCELERATOR BUTTON

The ACCELERATOR feature enables you to rapidly accelerate. A burst of ultrahigh speed is needed on an unimpaired road to pass a competitor.

SHOCK MECHANISM

In harmony with the cycle's on-screen movements, the SHOCK MECHANISM simultaneously reproduces the appropriate handlebar movements, giving the player to experience the actual sensation of riding.

REALISTIC SOUND BACKGROUND MUSIC

Just as good as it looks and works, the SUPER HANG-ON is filled with rhythmical stereophonic background music, specially selected to match the image of each course.

REALISM

Realistic conditions and even up & down surfaces all contribute to make the SUPER HANG-ON a truly first-class motorcycling game.
