

Why "imagine" a horse racing game when Sega has made it a reality?

Sega's Derby Owners Club is the most successful horse racing game in the history of coin-operated amusements. We take great pride in its novelty and outstanding customer loyalty. Derby Owners Club provides the high quality entertainment that customers expect from Sega.

We constantly monitor the marketplace for knockoffs and imitations that misappropriate the legally protected elements of our games because imitation is not always the best form of flattery. Sega will vigorously enforce its legal rights against any infringement to ensure that our distributors and their customers will continue to enjoy the unmatched excitement and value of Derby Owners Club for years and years to come.
