

Wanna see a traffic jam?  
Park this  
baby on  
your floor  
and you'll be  
stopping  
customers  
left and right.

Hey, this is no ordinary driving game. With its advanced high resolution graphics made possible by SYSTEM 32 and the incredible Sega Digital Stereo System, OUTRUNNERS brings all the pulse-

# OutRunners™

pounding, adrenalin-pumping realism of a Gran Prix driving adventure right to your floor. And its knock-dead twin seat cabinet will have you turning record profits in record time!

OUTRUNNERS takes players on a touring race around the world via hairpin turns, dangerous detours and constantly changing road and weather conditions. Speed and strategy will determine the victor as OUTRUNNERS challenges every ounce of driver skill.

With OUTRUNNERS' interactive steering wheel and lightning quick acceleration, you'll be turning G-forces into C-notes.

Players can choose from eight exciting vehicles, each with its own set of characteristics, such as transmission, perspective, power and maneuverability. Each machine is geared to a different level of driving ability, so everyone from veterans to novices can compete equally for the checkered flag.

To further accelerate profits, you can link OUTRUNNERS with additional two player models to provide head-to-head competition

for up to eight players. With a starting lineup like that, you'll have a pile up of customers eager to compete.

To test drive OUTRUNNERS, contact your authorized SEGA distributor. Then floor it to the bank.
