19 | Posting Screenshots

You can post screenshots and messages to Miiverse during chapters.

How to Post

- 1 Press ⊕ to display the Pause Menu.
- 2 Select Post to Miiverse.
- 3 You can post with text (T) or make handwritten posts (✍️).
 - ◆ Stamps can only be used with handwritten messages.
- 4 Select Send.

In Tag Climax, you can cooperatively fight with another player through six battles. After each battle, the winner will receive a reward based on the amount of halos that you wagered beforehand.

- ◆ All battle actions in Tag Climax are performed using buttons. Touch controls are not supported.

Quick Match

You will automatically be matched with other players, or you will send a cooperation request and battle alongside them.

- ◆ After you are finished, you can send a friend request.

Find Partner

If you select players from a list of other players and friends, you can cooperate with them in battle.

- ◆ After you are finished, you can send a friend request.

With CPU

While waiting for co-op play requests from other players, fight with the CPU.

- ◆ If you receive a Quick Match or Find Partner co-op request during play, you can open the menu with ⊕ to accept.
- ◆ There are also cases when you will receive co-op requests during Story Mode  12 gameplay.

Select a Verse Card and Fight

The player who can make a selection will select a Verse Card (enemies to fight). Move \updownarrow on \odot/\oplus to decide on the number of halos to wager to begin the battle.

- ◆ To randomly select a Verse Card, tap the card with numbers written on it (1) which is displayed on the left side of the touch screen.
- ◆ The more halos wagered, the stronger the enemies will be.

Game Over

Even if one person falls, the other person can get close and hold \odot during the countdown to revive him or her. If both players fall, it will be game over.

- ◆ If you get game over, the halos you obtained by taking out enemies will be saved, but the halos you wagered and the bonus halos will be lost.

Winning the Battle

After battle, your performance will be evaluated. Of the two players, the player with the higher score will be able to select the next Verse Card.

- ◆ When playing With CPU mode, the player will always select the Verse Card.

Simultaneous Attacks

When two players are attacking the same enemy, the lock-on icon will change and the shared Magic Gauge will fill up. If the shared Magic Gauge fills up completely, it will unleash an Umbran Climax for both players.

Getting More Verse Cards

When you clear a chapter in Story Mode, you will receive Verse Cards for all-new enemies to defeat.
