## SEGA TOURING CAR CHAMPIONSHIP

Treacherous mountain bends? Hairpin turns? These suped-up touring machines take them all on. And if you think your heart will pound any less because you're safe at the arcade, think again!!!!

- Model 2 Board provides rubber-burning 3D graphics!
- Four Cars to choose from - the Alpha Romeo 155 V6T, the AMG Mercedes C-Class, the Opel Calibra V6 and the Toyota Supra.
- Multi-player mode supports up to eight racers simultaneously. TOURING CAR CHAMPIONSHIP is linkable up to four units. In the multi-player mode, only players who finish a course are able to compete in the next race.
- Three different tracks - the Novice Course is a high speed track modeled after a European racing circuit course, the Intermediate Course is a scenic mountain race and the Expert Course takes place in the downtown area of a European city.
- New User Records Feature makes it possible to view player records and overall rankings.
- Choose between automatic and manual transmissions. Alternate viewing perspectives for the full racing feel!
- Precision handling technology by Servo Steering makes true racing performance possible!
- Special speakers (two Gull Box Speakers in the head rest and one Sub-Woofer under the seat for added vibration) pump 3D sound effects and pounding dance music by the super-star Japanese BGM recording artists AVEX TRAX.

• **TOURING CAR CHAMPIONSHIP** combines the best of Sega's racing simulators in one awesome game!
